

# NOW ON THE WEB!

## Federal Science & Engineering Support to Universities, Colleges, and Nonprofit Institutions

- Data reporting is easier—enter your data directly onto your computer screen.
- Your program and field offices can enter data directly; you grant them access to the Web survey.
- Data errors are reported to you instantly.

### HOW IT WORKS

On your computer, open your Web browser (such as Netscape Navigator or Microsoft Internet Explorer) and visit <http://www.qrc.com/fssweb>.

Log in by entering the Agency ID and password you received from NSF. (If you forget them, email us at [fss@qrc.com](mailto:fss@qrc.com)).

Then you can . . .

- update your contact information
- update your institution population
- enter survey data

### YOU CAN ALSO

- monitor program and field offices' data entry process
- review and revise program and field offices' data at any time
- print the finished survey on paper for your records
- work offline using spreadsheets and data files
- get personalized help on your computer screen

### MORE FEATURES

- You can monitor your program and field offices, monitor their progress, and collect the data—by computer.
- Data are reviewed for errors every time you click on "Save."
- Data are saved to a central database, accessible to you at your convenience.
- After you complete all survey questions, make the data available to NSF by the simple click of a button.
